All informations without warranty. Decisive are only prices denoted in our confirmation of order. In doubt please call us directly. Thank you for your understanding.

Frequently have a look at our internet site or ask via phone/fax or register directly for our newsletter on www.electronic-things.de to be up to date. Our assortment is being expanded frequently. Soon we will be able to offer:

- **Electronics for anodising**
Current controlling, power supplies, temperature sensors, controllers
- **Complete anodising stations for small series and prototypes**
- **Hook-In equipment/fixing materials consisting of pure titanium**
- **and much more ...**

Thank you very much for your interest in our products/services.
If you have further questions – please do not hesitate to ask us!
